

Advanced AI detected events added: Azuga SafetyCam AI can now detect the following distracted driving and unsafe driving behaviors, assisting drivers with real-time audio and visual alerts.

- Using Phone
- No Seatbelt
- Eating/Drinking
- Smoking
- Camera Disconnected

Azuga & UpKeep Integration: We are excited to announce that Azuga now supports integration with Upkeep's maintenance management solution, you now get the combined power of a robust maintenance solution and a modern fleet tracking system to improve your vehicle performance.

Third Party Sign-In: You can now use your Google account to sign in to your Azuga account.

The image shows a login form for Azuga Fleet. At the top is the Azuga Fleet logo. Below it is the text "Login to your account". There are two input fields: "Your Username / E-mail" and "Your Password". Below the password field is a "Remember Me" checkbox and a "Forgot Password?" link. A green "Login" button is below these. Below the button is the text "- Or -". At the bottom is a "Sign in with Google" button, which is highlighted with a red rectangle.

Login Options: You now have the set the specific login type for your entire Fleet from various options available such as Email, SSO, Google SSO.
